Discount fares for INAIL companies in the event of safety interventions (Model OT24)

On the site of the INAIL arrangement has been put on the application form for the reduction in the average tariff in accordance with Article 24 of the implementing rules of the premium rates after the first two years of activity (model OT24) . The model of the INAIL application must be made by February 28, 2014, and can be used to demand a reduction in the average rate of INAIL by companies that , in the course of 2013 , they performed actions for the improvement of safety and hygiene in the workplace . The reduction achieved is organized according to the following , depending on the number of workers - year :

Workers – year	reduction
up to 10	30 %
11 to 50	23 %
51 to 100	18 %
101 to 200	15 %
201 to 500	12 %
over 500	7 %

To gain access to the reduction in the average tariff is necessary to comply with all the mandatory provisions in the field of accident prevention and occupational health (with reference to 31 December 2013) and making interventions such that the sum of their scores listed in the application form is at least 100 ; work must be for at least 2 sections, with the exception of those in section A where it is sufficient to select a single intervention. The reduction is granted only after the assessment of the requirements of regular contributions .

The Studio Dr. Ing. Leonardo Bonini is available for the necessary assessment.
